Ugh!

WASHINGTON, May 25.—There is a growing belief here that Ben Butler will accept the Vienna mission. His suddenly broken health seems unlikely to be restored unless he retires from active life.

Tariff Tinkering.

WASHINGTON, May 25.—The House Committee on Ways and Means proposes to make the duty on [illegible] specific at 1½ cents per pound and the duty on steel uniformly two cents per pound. Efforts are being made to fix tin plates at one cent, also the duty on steel wires specific duty, instead of ad valorem. The Committee urges an increase of the duty on hops.

The Committee on Ways and Means to-day made alterations and additions to the tariff bill before reporting it to the House. All still wines are to pay 40 cents per gallon in casks and $1.60 per dozen for quarts, or 25 cents for pints in bottles. There is a provision that any wines imported containing more than 22 per cent. of alcohol shall be forfeited to the United States. Maccaroni and vermicelli shall pay two cents and similar preparations five cents a pound.

WASHINGTON, May 25.—Scott called up the Senate bill supplementary to the bill to incorporate the Texas and Pacific railroad. He explained that the bill was for the purpose of enabling the company to execute a mortgage upon a portion of its road completed. Edmunds submitted an amendment that nothing in the act shall be construed to have the effect to entitle said corporation to any other or further rights to public lands or in any other respect as against the United States than such as by law it is now entitled to. Agreed to and the bill passed as amended.

A STRAW FROM WHEATLAND

AFTER THE PARTY CANDIDATES WILL TRY THE EXPERIMENT AGAIN—AIN'T IT?

WHEATLAND, May 23, 1874.

To the Editor of the Oregonian:

The candidates for the respective county offices of Yamhill county met here in debate [illegible]. It was repetition of the same old charges of bribery and corruption between Democrats and Republicans. Now allowing half of their charges against each other to be true, how in the name of common sense can either party dare to ask the suffrages of the people? One of the Republican candidates made a wanton attack on the OREGONIAN and labored hard to vilify your valuable paper, but his words fell harmless. For it is hard to kick against the pricks. For many are the [illegible] that sit by bright firesides every Saturday night, in this vicinity, and peruse our valuable paper. They take it and trust it because of its fearless and outspoken exposure of bribery and corruption, let them be found where they may. A Democratic speaker stated that the Independent movement consisted mostly of whisky bummers and renegade disappointed politicians; was a weak thing and met with no support. Said he: "There is not a quarter of a dozen in this house in favor of this nondescript ticket." One of our Independent candidates told him to call all in favor of the ticket to their feet. He did so; up jumped about twenty-five voters, (the audience was small) and I noticed one Democrat that had to hold on to the bench with both hands to keep from rising up. His will was good but prejudice prevailed. Next he called the Democrats up, and four or five answered to the call. Next the Republicans, and *two* answered. The speaker's feathers dropped. He had nothing to say. And that is about the way they will come to the polls in June.

While the Independent candidates were speaking, one Peter Barendsright (who by the way, aspires to be Justice of the Peace) had to leave the room several times in consequence of having to relieve his Democratic [illegible], which was being agitated by a rehearsal of the bribery and corruption of the Democratic plunderers of this State. It was either that or too much benzine. Both possibly.

To show you how the Independent movement is gaining ground I will here state that a back load of five Democrats went from here to Lafayette to hear the candidates for Governor speak and on returning I found four of them were Campbell men, tooth and toe nail. So you see people are getting tired of being whipped into the traces with the party lash.

THE NEW YORK MASTODON.—DANSVILLE, May 13.—Additional bones of the Dansville mastodon have been unearthed and the excavation is still going forward. Prof. Jerome Allen, of the Genesee Normal School, has examined the remains, and thinks they are of a larger animal than any mastodon hitherto discovered. He estimates that it was 14 feet high and 20 feet long, or 40 feet long measured from the tip of the tusks to the end of the tail, and that it weighed 25 tons.

PACIFIC COAST NEWS.

CALIFORNIA.

From San Francisco

SAN FRANCISCO, May 24.—About [illegible] o'clock this morning, a severe shock of earthquake was felt here. The motion was vertical and accompanied by a heavy rumbling sound.

About [illegible]00 people attended the picnic of the Hebrew Benevolent Society and Turners' games at Woodward's Garden to-day.

The weather to-day has been clear and warm.

Vasquez will arrive on the steamer *Senator* in charge of the Deputy Sheriff of Los Angeles and several of those who took part in his capture. He will be taken from this city to Salinas City under a strong guard.

SAN FRANCISCO, May [illegible].—One hundred and fifty French Republicans sat down to a banquet at Turn Verein Hall, on Bush street, last night. It was given in honor of M. M. Grousette and Jourde, companions of Rochefort in his exile and flight. M. Belle, head of the International Society, presided. Eloquent speeches were made by the distinguished guests in which they defended Rochefort and the Paris Commune. Other patriotic speeches were made and the banquet did not close till a late hour.

Greenbacks 89½@90.

SAN FRANCISCO, May 25.—About 11 o'clock last night Alice Tennant, a woman of ill repute, who had separated from her husband and gone to live on Waverly Place, shot herself through the heart. She threatened to commit the deed and asked for pen, ink and paper, then wrote a letter to her husband expressing great love for him and regret at the course she had pursued. This done she went out on the street and was accosted by an officer who said he had seen her husband and he desired a divorce. She replied, "He shall have one; here goes for my life," fired and fell dying into the officer's arms. The husband tried to kill himself about two months since by taking poison.

SAN FRANCISCO, May 25.—The Woodville Mining Company has levied an assessment of $1 per share. Total $28,000, delinquent June 27th. This is the seventh assessment levied by the Company and no dividends yet.

The Page and Panaca Silver Mining Company commenced an action in the Fourth District Court to-day against Philip Falk and Raphael G. Falk, to obtain possession of the books and office furniture of the Company or to recover $10,000, the value thereof, and $4,000 damages.

SAN FRANCISCO, May 25.—August Cunio, the Italian who shot himself through the head on Sunday night, died to-day.

Interior California

SANTA CRUZ, May 24.—Full returns from the local option election held yesterday give a total majority of 12 against licenses as follows: Santa Cruz precinct 6; Bancifort 4 and Soquel 2. There is great enthusiasm over the result, which is celebrated by the ringing of bells. The women are jubilant over the victory.

Jose Rames fired 6 shots at Ignace Villa in Bancifort, a short distance this side of Arena Gulch, at 8 o'clock last night. Villa was wounded severely in the right leg and left hip. The cause of the trouble between them is unknown. The shots were fired in the road. Rames mounted a horse and immediately fled. The sheriff started in pursuit but returned at 1 o'clock this morning without capturing him.

VISALIA, May 24.—The Deputy Sheriff of Fresno county arrived here to-day in close pursuit of a man calling himself Gus De Young, charged with driving a livery team of Fresno City to death. He defied the officers at Fresno to arrest him, and fled to Tulare City, where he procured another team and came to Visalia. Here upon being closely pursued by the officers, he made his escape by driving furiously through the streets, losing his plug hat and whip and leaving his wife behind. Two officers from this place started in pursuit and will probably land him in jail before night. He was very warlike in his demonstrations, declaring that no officer could arrest him, but failed to await their appearance to test the matter.

S. P. M.—DeYoung has just been brought in and lodged in jail.

YOSEMITE VALLEY, May 25.—The weather is extremely pleasant. The warm weather is just melting the snow, which makes the water very high and it is a little inconvenient to get about. Passengers come by stage to Crane Flat. Some take the sleds drawn by oxen, others on horseback, nearly to Gentry's, about seven miles. Then on horseback from there to the foot of the mountain, where Hutchings' stage meets them and takes them into the Valley. Others come by Hite's cove, 31 miles on horseback. The crossing of Cascade creek is very difficult on account of high water. Others come by Clark and Moore's and the Big Trees, by what is known as the Cape Horn or Indian trail route,—29 miles horseback riding. There were thirty arrivals by different routes yesterday. Among the distinguished visitors are Cyrus W. Field, Rev. Canon Kingsley and daughter.

CALISTOGA, May 25.—Jas. Thompson, miner in Rattle Snake mine, was seriously injured by a premature blast this morning. Recovery very doubtful.

A Chinaman was dangerously injured in the Great Western mine yesterday by a cave in the upper tunnel.

Ground was broken to-day for the erection of a stamp gold and silver mill on St. Helena mine. The prospects of the mine are of a most encouraging character.

VISALIA, May 25.—Gus DeYoung, of the S. F. *Chronicle*, arrested here last night and lodged in jail six hours on a charge of misdemeanor, was tried this morning in Justice Court and discharged. The cause of the discharge it appears is that the town of Visalia is defunct and its ordinances null and void since the city charter election on May 5th, and the city authorities have not yet made a new ordinance covering the offense. He was arrested by Fresno county officers immediately upon his discharge, and gave bail for his appearance in Fresno City Friday next.

NEVADA.

Threatened Indian Outbreak in Warner Lake Valley

RENO, May 25.—We have just received the following from Camp Warner, Oregon, dated May 11th: Settlers in Warner Lake valley near Camp Warner are in a state of great excitement owing to a threatened outbreak of Indians belonging to Ochoco's band. The inhabitants of the valley have been notified to leave and a number of families are seeking protection from the military authorities from Camp Warner. A messenger from Ochoco has gone through to Hart's Mountain to incite the Indians in that section to aid him. All the friendly Indians who [illegible] the winter in hunting and in the employ of ranchmen in the valley have suddenly disappeared and serious trouble is anticipated. The garrison of Camp Warner consists of one small company of infantry, who are powerless to render assistance except to settlers who remain near [illegible] the post.

THE ILLINOIS INDEPENDENT.—The Illinois farmers who met at [illegible] a few days ago and called an Independent State Convention represented 1,2[illegible] farmers' clubs and [illegible] 200,000 votes, or one half of the voting population of the State. Commenting upon this remarkable claim of strength the Chicago *Tribune* says, whether it is overestimated or not, there can be no doubt of an entire unanimity among the farmers of the State to shake off old party bondage and start out anew. There is also, it adds, a powerful anti-monopoly, anti-caucus and anti-corruption element in the cities and towns as well as the rural districts, which is equally disgusted with the frauds that are being exposed from day to day in Washington, and with party spirit which would hold down the people to the abuses they have borne too long.

A BULLETIN LIE NAILED

[illegible]

WASHINGTON COUNTY, May 25, 1874.

To the Editor of the Oregonian:

I desire through your paper to call attention to a matter which is now somewhat a little out of date, but which nevertheless is worthy of the consideration [illegible] which it ought to have received [illegible] to an article in the Portland *Bulletin* of May 12, in which there was a written and [illegible] unjust and [illegible] attack upon one of the best citizens of Washington county—an attack directed against his private character without either provocation or excuse. The *Bulletin* thus referred to Mr. William Landess:

"William Landess, one of the [illegible] candidates for County Commissioner, [illegible] even [illegible] the most [illegible] supporters of the Independent movement. To elect him it would be necessary to import men from a foreign land and to bring them here and keep the name and character of Wm. Landess [illegible] until in due course of time they became voters. For he can never be elected by the votes of men that know him. Some of the farmers in his neighborhood remember a few years ago when they harvested their grain and stacked it, depending on Mr. Landess to come with his machine and thresh it for them. They also remember how he drove past their premises with all the selfish dignity of a belted knight and placed his machine in his barn with the declaration that it should stay there till next harvest, notwithstanding the grain of his neighbors was standing out exposed to the inclemencies of the weather. Some of his neighbors too remember what a peculiar sleight he had in the use of the pegs on the tally board. They think they know pretty well how he could make grain measure, but how he is going to get to be a County Commissioner is something they don't quite understand."

It will be seen at once that Mr. Landess' crime is that he dares to obey the call of the people of Washington county when they ask him to serve them in a local office, and for this he is spoken of in terms that should be applied to no man who has earned the standing that Mr. Landess has by honesty and industry. Mr. Landess came to this country in 184[illegible] and during all the [illegible] years that have intervened between that and the present time he has lived on his farm in Washington county, and to-day he enjoys the highest esteem and confidence of the entire community as an honest, honorable man, a kind neighbor and a good citizen. The story that he refused to thresh his neighbors' grain is a falsehood made of whole cloth, and one too that meets an unqualified contradiction at the hands of all Mr. Landess' neighbors. On the contrary, he has several times gone to thresh small lots of grain solely to accommodate a neighbor when he actually lost money by doing so, and he has, after having housed his machine for the winter, set it up again and gone out to help his neighbors out of trouble. As to the insinuation about his taking more toll than was coming to him, it is simply a vile falsehood, as all his neighbors know and will testify. He will be[illegible] up on election day, however much to the disgust and discomfiture of the ring crowd.

ANOTHER BULLETIN FALSEHOOD NAILED

MONMOUTH, May 23, 1874.

To the Editor of the Oregonian:

Attention is called to an article in the *Temperance Star*, copied by the *Bulletin*, in which a statement is made that T. F. Campbell is not a Granger and has not the spirit of a farmer. As Secretary of Monmouth Grange, P. of H., allow me to state that T. F. Campbell is a member in full standing and is one of the three Trustees of this Grange. Campbell and myself have always been at war politically, yet an attempt by a so-called temperance paper to misrepresent a true temperance man arouses my sense of justice, and I respectfully ask those papers making the foregoing statement to make correction.

Our Grange being No. 1, it cannot be said of Mr. Campbell that he connected himself with the Order when he found it in prosperity and hoped to make such connection personally advantageous. Mr. Campbell has the confidence of the entire community and will poll a large vote wherever he is known by his works among his brother Grangers.

His temperance record needs no alteration. In this and adjoining counties his strong temperance lectures has gained him many friends. As regards the State Temperance nominations, the Temperance organizations of this place are represented in great part by Republicans. They admitted that there could be but one man to place in nomination for Governor on the Temperance ticket, and that man Campbell. The temperance record of the other two candidates are too well known here.

The Grand Lodge organ of the I. O. G. T., under date of May 21st, says: "*I have [illegible] lished and for years carried on the [illegible] ever erected in Jackson county.*"

Surprise has often been expressed that Tolman should have been elected to fill any office in Jackson county.

A gentleman from Yamhill county explains how it occurred. This is his statement: Tolman being in with the whisky ring, and a jolly good fellow on the race course, succeeded in carrying, with the regular Republican vote, a great many of the aforesaid whiskyites and race course bummers.

A writer in the *Bulletin*, "Voter," dates his communication from Monmouth, but it is well known here that said articles have not been written at this place. The opinion prevails that said defamations were concocted in the *Bulletin* or Custom House office. To those who think the Independent movement is weak, let me refer you to the recent uprising in Illinois of Grangers, farmers' clubs and all who favor an equitable adjustment of the laws governing capital and labor.

J. S. CHURCHILL.

NEWS NOTES FROM INDEPENDENCE

INDEPENDENCE, May 22, 1874.

To the Editor of the Oregonian:

Thirty-one candidates for county offices inflicted upon the people of this town their little pieces learned by heart, and strange to say each one of them was sure of defeating his opponent. To-day the town looks deserted, nearly everybody, with the exception of the base ball club, having gone to Salem to attend the Independent mass meeting.

In the match game between the Independence and the Salem boys the [illegible] victorious.

The Fourth of July will be celebrated by a grand [illegible] at [illegible], Polk county. Nearly every Grange in the county has promised to turn out in full regalia. No expense will be spared to make it a successful celebration. The citizens of Independence intended to celebrate, but the drawing [illegible] nearly all the farmers will perhaps seriously interfere in the arrangements. Dallas is selected [illegible], and once and two celebrations in one county is more than can be [illegible].

M.

THAT TESTIMONIAL [illegible].—Attorney General Williams' historical landaulet is apparently destined for still further notoriety. It is stated in Washington that when it was [illegible] a short time ago it was bought to be used for campaign purposes at the next election in Indiana, and that, drawn by four horses with a driver and footman in gorgeous livery, it is to be exhibited throughout the State as an evidence of the degenerate times at Washington. The effect would be greatly enhanced if Moiety Jayne could be secured for driver and Sanborn for footman.—*N. Y. Tribune.*

Capitalists from every section of the world are coming to Utah Territory and there is unusual activity in mining circles.

WILL HE RISE TO EXPLAIN?

[illegible]

ALBANY, May 23, 1874.

To the Editor of the Oregonian:

An article appears in the Albany *Democrat* of the 2[illegible], written by J. H. Hackleman, present County Clerk for Linn county, in which he purports to give the financial condition of our county, and by which, as his caption reads, the "Independent lie is nailed." This communication is heralded forth at this time as it is life or death with the leaders of the formerly dominant party of Linn, and a showing of the finances of our county would very materially affect the standing of the [illegible] the county machine here, that [illegible] the people will only believe the Clerk's report [illegible] several [illegible] things in the county that the people's money is [illegible] in and about the several departments of our Court House, and county affairs and finances are not rightly attended to. From the report of our Clerk as given it would seem that our county finances are in a most healthy condition. Wm. Cyrus, who is one of our Commissioners, is a man of most exemplary character and unimpeachable integrity, a shrewd financier—a man whose word is taken everywhere. *He* is reported as saying that this county is in debt above all available assets over $14,000, which is believed to be about the true condition of affairs.

Mr. Hackleman in his electioneering report above mentioned fails to give the amount of levied taxes to be paid into the county treasury, which is about $62,000. He also fails to say how much interest this county pays to individuals on county debt. Mr. Hackleman alone draws $1,000 per annum from our treasury for money loaned to the county. He (Hackleman) also fails to say how much per cent. the County Treasurer draws from the county in receiving and paying out school funds. I say he fails to give any of the above very important facts which the people would like to know. But he does not fail to reckon all delinquent taxes unpaid for the past five years as good [illegible] available funds (except [illegible] which he deducts), when the truth is that the amount of such delinquent taxes [illegible] will not be more than [illegible] probably 20 cents on the dollar, from the reason that that amount is due from persons who are insolvent or are not now living in the county. Many farmers and other tax payers have called upon the gentleman (Mr. H.) to know how much this county was in debt over and above all available assets. They were all insolently answered and information was refused.

WHO IS THE PRESENT CLERK.

Well, to give a short and concise pedigree of the fellow, allow me to say that he is reported to be the laziest man in Linn county, and soon will be the fattest man here. He was a standing candidate for 10 years prior to his election in 1872, and so persistently did he hang on to the willows that to appease his desire to serve his country he was nominated. When he was nominated and elected he well knew that the fees of the Clerk's office had been cut down by the Legislature of 1870, and he took an oath to support the laws governing the said office. But in 60 days after he took his position we find him at the Legislature, which convened in September following, there lobbying with the members, together with other Clerks from those counties which were affected by the fee bill, for the repeal of that bill. He was successful in accomplishing his selfish ends and in getting another bill enacted which raised his fees higher than ever before in this county. This is the bell wether of Democracy and one of the genuine reformers of Linn county. This is the Clerk who has so elaborately displayed in the *States' Rights Democrat* the "facts" of how matters stand under his administration.

In addition to these facts let me say that it will cost to assess this county this year under Democratic rule $250 more (as reported by the present County Assessor) through the effects of the weed Equalization Board than it cost last year. Also that it will cost for printed blanks to be filled up by the taxpayer $300 more, thus costing our county at least $550 to $600 more to assess us than ever before. In addition I will state that the Democratic Convention to nominate county officers for this county tabled a resolution to reduce the fees of Clerks and Sheriffs. But Independents, on the contrary, did at their County Convention pass unanimously a resolution pledging their Clerk and Sheriff to perform, if elected, the duties of those offices for one half of the fees now given to the Clerk and Sheriff—and they will be elected with the balance of the Independent ticket and *will not sell out their constituents.*

IF MR. HACKLEMAN CAN PROVE THE FALSITY of the above charges and assertions, then let him bring on his proof in the next *Democrat.*

Independents are going to run Linn county from this on and they will stand by the people and maintain their rights.

LETTER FROM MONMOUTH

A BOGUS VOTER EXPOSED

MONMOUTH, May 23, 1873.

To the Editor of the Oregonian:

Solomon says: "Answer not a *fool* according to his folly, lest he become more foolish," but again he says, "Answer a *fool* according to his folly, lest he become wise in his own *conceit.*" In reading the communication of a "Voter" headed Monmouth, published in the *Bulletin*, I was forcibly reminded of the Proverb of the Wise Man. I thought it would be a condescension to take any notice of such a base lying effusion, but fearing that some might be influenced by it [illegible], I thought I would notice it.

He (that "Voter") says that "Veritas did not refute any of the charges brought against Mr. Campbell." Why, the poor simpleton! If he had any brains could he not appreciate the fact that Mr. C., during his residence in Missouri, was constantly engaged in preaching, was a law abiding citizen, and was consequently never molested, but respected by all parties as a man strictly following his profession, preaching the gospel of peace. Now sir, [illegible] speak what [illegible]. A man who will so far degrade himself as to be carried away by *party prejudice* to deliberately [illegible] and try to slander the fair name and fame of Mr. T. F. Campbell is no honor to his party, but is a disgrace and contemptible [illegible]. The staunch Republicans of Monmouth denounce the [illegible] remarks trying to make the readers of the *Bulletin* believe that his communication proceeded from Monmouth [illegible] and whether the Monmouth [illegible] is sustained or not by the [illegible] of the people. [illegible] he will then be [illegible] would not have [illegible] nature [illegible] demand that the "Voter" be condemned by them.

VERITAS.

THE WESTERN PRESS ON INFLATION.—CHICAGO, May 1[illegible].—The *Tribune* this morning publishes replies to a circular sent to the press of Illinois, Indiana, Michigan, Wisconsin, Minnesota, Iowa, Kansas, Missouri and Nebraska, asking how each stood on the question of the President's veto of the currency bill. The summary shows that of the 153 papers answering the circular 121 sustain the veto, 25 oppose it and 11 are non-committal. Of those sustaining the veto 20 are Independent, 31 Democratic, and of those opposing the veto 34 are Republican to 14 Democratic. Indiana, Missouri and Kansas are the only States where a majority of the paper [illegible] the veto.

OREGON

Pendleton has [illegible] ham but no eggs or beef.

The Umatilla Indians are supplying Pendleton with fire wood.

The Umatilla county jail has been empty for a month or more.

The M. E. Church South at Dallas has just received a new bell costing $150.

Two men started from Pendleton last week for Nevada with a large band of horses.

Several thousand pounds of wool of this year's clip have already been shipped from Pendleton.

Brick are scarce at Jacksonville, on account of which the burnt district don't Phœnix as it would.

The Democratic Convention of Jackson county adopted a resolution in favor of the assumption by the State of the Modoc war debt.

The residence of Thos. Morris, near Lewisville, Polk county, caught fire last week and came near being consumed, as the owner was away from home.

A drove of cattle and also two or three horses with riders swam the Umatilla river near Pendleton one day last week, and drew a large crowd of excited spectators to the scene.

Freight teams pass through Pendleton daily loaded with freight for the upper country. The road over the Blue Mountains is in good condition and freighting has commenced in good earnest.

The young men of Dallas met last Saturday and formed a base ball club. They elected the following officers: President, Mr. Hedgpeth; Treasurer, Mr. Elliot; Captain First Nine, A. F. Lyle; Captain Second Nine, Cato Sullivan.

The Independents will hold a grand rally and picnic at Dallas on Friday, May 29th. Speakers from various parts of the State will be present. A basket dinner will be spread. Let everybody come and bring something to eat.

In the Josephine County Republican Convention, for Representative, S. Harkness was nominated; Judge, A. B. McIlwain; Sheriff, S. White; Clerk, Jas. McCall; Commissioners, H. Kelly, S. Messinger; Treasurer, S. W. Sawyer.

Daniel Chaplin, of La Grande, last week sheared his [illegible] wool sheep. We saw some of the wool, which was fifteen and a half inches in length and of a very fine quality. The fleece produced by these sheep weighed from twelve to fifteen pounds.

The Democratic nominees of Josephine county are as follows: For Representative, Wm. Fidler; County Judge, M. I. Baldwin; County Commissioners, Geo. S. Mathewson and Jas. Neely; Sheriff, Dan. I. Green; County Clerk, Chas. Hughes; County Treasurer, Wm. Naucke; Assessor, John Howell; School Superintendent, B. I. Sloan; County Surveyor, Wm. N. Sanders.

The *Tribune* says: A tornado swept over Pendleton on the 19th inst., commencing at about 6 o'clock P. M. and continuing a half or three quarters of an hour. The wind raged with terrible fury and rain came down in torrents. Large trees were swept down, but no houses are reported as injured with the exception of the building in which the *Tribune* is printed. The wind was from a south westerly direction and consequently had good play on this building. The amount of damage sustained by the building was the moving of it a few inches off the foundation, together with a few lights being broken out, and leaving the house in a leaning position.

The several Granges throughout Polk county are making grand preparations to suitably celebrate the Fourth of July. The place of holding the celebration was left by the different Granges to be selected by the county Grange, and it has decided upon Dixie as the most central part of the county. The Committee on Arrangements are: J. W. McCarty, of Buena Vista; Orville Butler, of Monmouth; Jas. Morrison, of Dallas; Jas. Tatom, of Dixie; O. Shirtliff, of Bethel; John Downing, of Perrydale; Thomas O. Blair, of Mill Creek; [illegible] of Lewisville; [illegible] of Spring Valley. The committee are requested to meet on the grounds at Dixie on the first Friday in June.

THE TERRITORIES

The city of Seattle has been divided into three wards preparatory to the coming city election.

Crops up the White, Black and Dewamish rivers are decidedly promising, especially grass and small grain.

Lake Washington has a daily steam ferry from the coal mine landing on the east side to the landing on the west, 4 miles from Seattle.

The land portion of the Seattle and Walla Walla railroad is being prosecuted quite vigorously, a considerable force being steadily at work.

In Seattle quite a number of dwelling houses are being erected, and many other improvements being made give assurance of prosperity.

Preparations are being made in Seattle for a more general and thorough organization of the temperance sentiment. It is thought a County Alliance will be the result.

The assessment of Thurston county for 1874 is about $1,400,000—$200,000 less than that of last year. The assessment of Whatcom county is $494,517—$150,000 less than that of 1873.

The latest information is to the effect that there is yet much snow on the trail between Salmon River and Warrens, and that trains will not be able to go into camp before the 5th or 10th of June, if so soon.

A Walla Walla man has invented a mathematical machine which he calls "The National Calculator." It will foot up the profits of a Credit Mobilier in three seconds, and the stealings in a Custom House in twice the time.

The Indian tried last week at Walla Walla for the murder of James Cosgrove, a Scotchman, near that place last fall, was convicted of murder in the first degree, and Saturday last was set for sentence, which, under the law, could only be that of death.

Another vein of coal has been struck by the Bellingham Bay Coal Company at a depth of 77 feet. Its character is not yet determined. Hardly a week goes past but what a new vein is discovered at some point on this coast, and it is claimed for each and all that the coal is the best on the coast, and the cheapest got out.

The Walla Walla *Spirit* says: There exists just now in the valley, if we would have average crops this year, a pressing necessity for rain. If in the coming week or ten days we should be visited by the desired amount, large crops may be confidently looked for. If on the contrary the ground receives no moisture, the reverse may be as confidently calculated upon.

Mr. Taylor, of Paradise Valley, informed the Lewiston *Signal* that year before last he sowed to wheat late in the season on sod land without cross plowing, and raised on an average thirty two bushels per acre; that last year on the same land a volunteer crop sprung up without plowing, and he harvested from this full thirty bushels per acre. He further says [illegible] has been produced in that valley [illegible] anywhere, that he wants no better country for farming purposes than the country north of Lewiston for a distance of 100 miles by about thirty miles wide.

Gen. Morrow, commanding the post at Camp Douglas, Utah, has written a very strong letter to the Secretary of War regarding arrests of his soldiers. Camp Douglas is on the outskirts of Salt Lake City, and when the soldiers go into town and misbehave themselves they are arrested, put in the chain gang and made to do all sorts of menial service, such as sweeping the streets. Gen. Morrow says he has protested against this to no avail. He has offered to punish the soldiers according to their deserts. He says that after frequent complaints they were not complied with, and he took the advice of the best lawyer in Utah, and learned that his men should properly be punished by the military authorities. He has, therefore, applied to the Secretary of War and asked his directions.

Albert Kingston, on the Upper Columbia above the Dalles, has thoroughly fitted and repaired the steamer [illegible] and intends giving the use of the boat, free of charge, to prospecting parties who wish to prospect that portion of country. He will take parties as far as the boat can go. We understand that teams will be at Walla Walla from Fort Colville between the 1st and 10th of July, thus affording parties an opportunity to reach the country referred to. These inducements are held out for the purpose of encouraging prospectors to thoroughly examine the large extent of country which without doubt contains gold in paying quantities.

The Lewiston *Signal* says: "About forty townships have been subdivided in North Idaho outside of the Nez Perce reservation, and all or nearly all are in Nez Perce county. These do not embrace but a small quantity of timbered land, but mostly lands ready for the plow. These surveys amount to 1,440 square miles, or 921,600 acres, or 5,760 farms of 160 acres each. Full one-half of this land is susceptible of producing an annual crop of wheat which will average thirty five bushels per acre. But we will suppose we have it settled upon, and one tenth of it cultivated in the producing of grain, we will then have an annual product, from 92,160 acres, amounting to 3,225,600 bushels of grain. If we can sell this grain at 50 cents per bushel at home we then would have $1,612,800 of money to go into circulation among our own people."

NELLIE GRANT'S WEDDING TRIP.—Following appears under a New York date of May 20th: The bridal pair from the White House—Miss Nellie Grant and Mr. Sartoris—whose marriage occurs to-morrow, will sail for England in the steamer *Adriatic*, of the White Star line, on Saturday at 3 P. M. The officers of the steamship company have fitted up the Captain's cabin in exquisite style for their use, together with a state room and reception room. The latter will be furnished very tastefully with a heavy Brussels carpet and a handsome suite of furniture. The appointments are also very elegant. It is also contrived so that it can be enlarged into a sleeping apartment in a few minutes. The bride's boudoir and dining saloon to be used by the party have been fitted up as nearly approaching apartments on land as can be done on any vessel. It is said that a programme of festivities for each day of the voyage is in course of preparation. It will include dramatic and musical entertainments, reading and everything that can be devised to relieve the monotony of the sea voyage.

PLATFORM

Resolved, 1. That the compensation of Clerk and Sheriff of this county should be fixed salaries, not exceeding for the Sheriff $3,000 and for the Clerk $[illegible]00 per year; that the law allowing fees to these officers taxable against the county should be repealed, and their other fees should be reduced to the rates allowed under the law of 1870, such fees, except mileage of Sheriff, to be collected by the respective officers and paid into the County Treasury; that each of these officers should be allowed such number of deputies as the County Court, consisting of the Judge and Commissioners, should determine to be necessary, and such deputies should be paid out of the County Treasury salaries not exceeding $100 per month each.

2. That there is no necessity for more than one Assessor and Treasurer or tax collector for the city and county, and the duties of each of these officers could be performed quite as well and more economically by a single officer for both city and county, the compensation for such duties to be apportioned between the city and county according to a fair estimate of the work required by each.

3. That the appropriation out of the County Treasury of moneys as salaries for jailor and janitor is a violation of law and a disregard of the interests of the people of Multnomah county, and the candidates named by this Committee for Judge and Commissioners are pledged, if elected, to discontinue such appropriations, as well as all others not necessary in the administration of county affairs.

4. That the Charter of Portland should be so amended as to make the Board of Police Commissioners consist of the Mayor of the city (who should be the President of the Board) and two Commissioners appointed by the Governor, and the Common Council should have power to fix the number of police officers by ordinance.

5. That we heartily approve of the exertions of our delegation in Congress in behalf of the Portland, Dalles and Salt Lake railroad; that we regard the building of said road as essential to the development of this city and State, and the candidates named by this Committee for the Legislature are instructed to secure, if possible, such legislation as shall give the right of way for said road through this State, and to endeavor to secure the adoption of a memorial asking Congress to aid said road.

6. That there should be passed an efficient law providing for the registration of voters to prevent frauds in election.

7. That the candidates named by this Committee for the Legislature are pledged to endeavor, if elected, to secure legislation in accordance with these resolutions, and to exercise and demand the most rigid economy in all departments of the public service, and to reduce taxation in every practical way.

TUESDAY MORNING MAY 26 1874

MR WILLIAMS ON THE RAILWAY QUESTION

Mr Richard Williams has at last found a tongue on the railway question He has arrived at exactly the conclusion on the subject which all men arrive at who place themselves at the disposal of the railway monopolists He comes out now against the people and for the railways on the question of the right to fix rates of charges for freight and fare This is the ground all the employes of the railway ring have occupied, and we see no particular reason why Mr Williams should not occupy it the same as the rest Some of his friends among the farmers may be disappointed by this turn of his opinions, but no one, who has carefully studied human nature will be surprised in the least A man who has no opinion to express to day upon the question which most vitally concerns the entire country, and which has been for two years more discussed than any other, will turn out in the end to be a servant of the men who bring him forward Every lawyer of intelligence in all this land has an opinion on this railway question, and when one, who is suddenly placed in close connection with the railway ring, and who has always before been set down as opposed to them, tells you he has no opinion on so vital a question, look out for him A hundred to one the sequel will show that he is contemplating treason to the people Intelligent lawyers, who have no ulterior purpose by concealment, have opinions on all such questions, and they are not afraid to express them

But the cat is out of the bag in Williams' case He is out as an avowed defender of the railway monopolies' claims to be above the control of law The opinion of Judge Redfield, the highest authority in the United States on questions of that class, and the ablest corporation lawyer in America, is nothing to Mr. Richard Williams He takes issue with Redfield and accepts Mr Holladay's construction of the constitution in preference That is natural enough, we suppose Mr Holladay has a way of enforcing his opinions, which the great jurist knows nothing of

Send Mr Williams to Congress, and see what help you will get from him in your struggle against corporation tyranny LaDow's wretched illness may enable the election traders to elect Williams with Democratic votes. It is certain he can never be elected any other way. Every thing is to be traded off for him, and the Democratic masses of the State are expected to elect a Ring Republican Congressman Well, it would matter little who elected him if he were only a friend of the people against the rings, and since he is not, his election would be equally unfortunate whether it were gained through fair means or through the unfair means now being used. Let every voter who wishes to see the corporations brought into the same subjection to law that others are under, vote for Davenport for Congress, and that result will be accomplished so far as Oregon can wield any influence in accomplishing it

THE CONTEST IN CLACKAMAS

The canvass in Clackamas county is waxing very warm. The excellent ticket put out by the Independents, though it entered the field late, is worrying both the straighout organizations in such a way as makes them feel very uncertain of their chances for election Hon W. A. Starkweather, the Independent candidate for State Senator, is acknowledged to be too much for any of his opponents or all of them combined It seems almost past belief that party spirit can run so high as to cause intelligent people to vote for such much men as Mr Paquet and Mr Offield, the party candidates, in preference to a man of the acknowledged ability and extensive experience of Mr Starkweather In saying this we would not be understood as saying a word derogatory of the character of either of the other gentlemen mentioned, so far as honesty and integrity are concerned We have but little acquaintance with either of them, but we have always heard them spoken of as good citizens. But they themselves, we are persuaded, will deem it no unjust discrimination for us to say that neither of them is to be thought of for a moment as the peer of W A Starkweather in respect of some of the important qualities that go to make up the good legislator Starkweather is one of the foremost men of this State in point of ability and dignity of character, and would acquit himself honorably and serve his constituents well in either the State or national Legislature

TOE THE MARK, GENTLEMEN

As we supposed would be the case, some persons have questioned the correctness of the figures we published in regard to the amount of fees paid to the Clerk and Sheriff by the county of Multnomah The amount is so greatly in excess of what anybody had supposed, that all are amazed and some are incredulous It is but natural they should be No one had the slightest idea of the amount of money the people were paying these two officers But we are willing to bring the matter to the fairest possible test Let those officers choose one man and their opponents another both to be competent accountants and of good moral standing in the community, and let these two men go through the records together and let all parties abide by their report They will find our figures *correct* They have been compiled from the county records by a competent accountant and there can be no mistake about them Of course these officers will squirm but *our statements are correct as the county books will show* Now gentlemen Clerk and Sheriff, don't shrink from facing the facts

The New York Compulsory Education bill requires parents and guardians of children between the ages of 8 and 16 years to give them, in a school or at home, at least 14 weeks regular instruction every year in reading writing arithmetic English grammar and geography It prohibits the employment of children within the ages named at any labor during the time when the district schools are opened and school officers are given authority to see that it is enforced

DR DAWNE VINDICATED—WE MAKE THE AMENDE HONORABLE

Rev E. J Dawne has, at last, come up to the requirements of the occasion, so far as to designate the institution from which he received his degrees He says, in a letter to the *News*, that he received the degree of A M from Mountain Home University—whatever institution that may be—and the degree of M D from Oglethorpe University—both of them are Universities mind—and so he is E J Dawne, A M, M D He says he attended lectures at the Louisiana Medical College but was compelled, by the illness of his wife to leave just before the time for his graduation The diplomas, which would be the proper evidence of these honors are not produced, but we can readily believe they exist, and that "Mountain Home" and "Oglethorpe Universities did just what Dr Dawne accuses them of So the question of college degrees is settled so far as we are concerned, and settled in favor of Dr Dawne "Mountain Home" and "Oglethorpe" We are sorry the Doctor does not sport the degrees of D D and LL D, as well as the others We can see no good reason why he should have stopped short of these last honors So eminent a scholar as Dr Dawne could have had both these additional honorary degrees conferred upon him by interesting himself in the matter a little Oak Stump University would no doubt have presented the Doctor with an LL D in recognition of his profound learning in the Civil and Canon laws had he but lectured in the chapel of that renowned institution on the subject of the advantages of the city of Oak Stump as a seat of learning and a good place to invest in real property—where good wholesome board and excellent moral and social influences can be enjoyed in the family of the President, at only $2 50 per week And the subscription of a single scholarship in Grouse Egg Theological Seminary where the best of preachers are made at the least cost and shortest notice—would undoubtedly have so impressed the Faculty and Trustees of that celebrated school of divinity with the acquirements and talents of Dr Dawne as a Theologian that a D D's parchment would have been voted him by acclamation The Doctor evidently has no taste for these scholastic titles or he would not have allowed such magnificent opportunities to go unimproved Why not Oak Stump and Grouse Egg as well as Mountain Home and Oglethorpe? If any of them, why not all of them? That is a question which we should like to see some of Dr Dawne's critics answer if they can

But Dr. Dawne is not a man to perform any great work by halves Had he coveted the honors of Oak Stump and Grouse Egg he would have had them And the same thoroughness characterizes his present defense against the libels that have been published concerning him Having cleared up the College degrees, successfully getting away with Mountain Home and Oglethorpe, he next proceeds to the refutation of the charge that he has certain obliquities in his orthography that can hardly be accounted for upon the theory of poetic license This libel he meets fairly and squarely, by asserting that Rev Dr Geary and Hon J Quinn Thornton have both certified, in effect that he can spell in a manner quite satisfactory to them He does not state specifically whether they approve of his spelling "gasometer" with a double s—gassometer,—or not, but we have no reason to suppose they are not satisfied with that method, or that it is not the orthography taught at Mount ain Home and Oglethorpe Universities At any rate that is the way the Doctor spells it in the very epistle to the *News* which we are considering, and we have the positive evidence of those other two scholars that he is a good speller—of the Mountain Home Oglethorpe kind, of course

THE UNHAPPY FAMILY

Some weeks ago the Manhattan Club of New York city, a Democratic organization of as much stomach as brains held a kind of political love feast to which all the distinguished orators, statesmen and poets belonging to the ancient reminiscence were invited We are not quite satisfied in our own mind as to which of these three classes our monogamous Senator James K. Kelly belongs but he was invited at all events He couldn't attend but he wrote a letter This brief extract will convey to his friends the pleasing intelligence that Kelly still lives

At the present time the civil rights bill so called is under discussion in the Senate, and may soon be brought to a vote In my judgment it is simply a bill to destroy civil liberty in the States and to wrest from them rights which they always have had since the foundation of the Government of the United States When the final vote shall be taken on this bill I do not wish to be absent

Thus with Spartan heroism did the senior Senator from Oregon sacrifice a tempting dinner and "the lascivious pleasing of the lute" to the stern duty of reasserting the doctrine of a white man's government

Hon Montgomery Blair was another of the invited guests He hadn't any Civil Rights bill to contest but he had an opinion which he seemed anxious to utter It was as follows

The first thing to be done therefore is to rescue this government from irresponsible power For this we want a people's party, in which resumptionists and inflationists protectionists and free traders, Republicans and Democrats black people and white—in a word all sincere believers in popular government may join to reclaim this government for the people A party so organized would give us an honest and economical administration under which benign influences industrial interest would revive and the dissensions of race and color disappear

Considering that the reunion was intended to be a kind of experience meeting for the refreshment of the faithful and the encouragement of the weak this bold declaration for a National Independent Party must be regarded as a slap in the face Hon John Quincy Adams wrote a letter of precisely the same purport

These sentiments were echoed by Democratic newspapers in every part of the country, and the Manhattan Club got a good many hard knocks Among a large number of these not one can be found more severe than this from the Cincinnati *Enquirer* the leading so called Democratic organ of the West

The Western man who enters and lounges around the Manhattan Club rooms is in a house of political ill fame and his virtue will be with justice suspected by the people

These sayings must grate harshly on the Democratic ear They have that same ominous sound noticeable in the mutterings of the discontented Republican press of New England They are the death rattle in the party throttle

A correspondent writing from Baker City says that in the discussion between Davenport and Williams at that place Mr Williams came out squarely against the attempt of the Legislature to exercise control over the rates of freight and fare on the railways and asserted that such regulation is beyond the power of Legislatures that the corporations have the right to fix their own rates and there is no constitutional power in the Government or the people to restrain or regulate them That speech might do better for Baker where they have not experienced the tyranny of the railway ring as it has been experienced in the valley than for this latitude but let not the people be deceived The railways want no more subservient man than one whose convictions are so shallow that he can take any side of any question without appearing to be conscious of doing anything out of the way

Every day it becomes more and more clear that the contest for the office of Governor is between Grover and Campbell Fulton's utter failure in the canvass his bad record on some of the important matters now being agitated and his barefaced attempts to deceive all classes rather than offend any have laid him on the shelf Henceforth there are but two candidates for Governor Grover the partisan politician, whose present administration has been so full of extravagance and wrong and Campbell the people's candidate in whose election lies the only hope of economy reform retrenchment, light taxation and general prosperity Grover or Campbell Which will you have for Governor?

T F Campbell Independent candidate for Governor, and other speakers, will address the people at McMinnville Thursday evening May 28th, at 8 o'clock

T W Davenport Independent candidate for Congress will speak at Silverton on Saturday May 30th at 3 o clock in the afternoon

T F Campbell will speak at Salem, Saturday May 30th Speaking to commence at 8 o clock P M

CITY.

LIGHT HOUSE DISCONTINUED.—Commodore Spotts, General Lighthouse Inspector of the coast, and Gen N Michler, Chief Engineer of this District returned a few days since from Yaquina Bay, whither they went early last week. Some months ago representations were made to the Department that the maintenance of two lighthouses at Yaquina was unnecessary It was stated that one would answer the commercial interests of that port of entry, that the maintenance of two was so much expense for nothing Some opposition was encountered and letters were written by several influential persons remonstrating against the proposition to abandon, temporarily one of the lighthouses. Counter representations were made and it was claimed the shipping interests of Yaquina and the commercial security of that portion of the coast absolutely required the maintenance of both beacons. On receipt of such letters the Department issued orders for Commodore Spotts and Gen Michler to proceed to that port and make the necessary examinations, determine as near as possible the precise requirements of commerce, with reference to the maintenance of one or two lighthouses at the Bay and to report at once the result of his investigations to the Department In accordance with instructions these gentlemen made the necessary inspection and on their return prepared a report which was forwarded to Washington They reported adversely to the continuance of more than one lighthouse at that point. Commercial interests in their judgment, do not require the maintenance of but one. The present condition of the bar at entrance of the bay is such that vessels cannot cross except in the daytime One lighthouse—at Cape Foulweather—will be sufficient to enable vessels to determine their whereabouts Any vessel entering after night need only cast anchor and remain until daylight appears or keeping a lookout for the beacon, drift about at will Cape Foulweather is a more prominent headland, and being but a few miles distant from Yaquina, these gentlemen recommended that the lighthouse at the latter point be discontinued No recommendations were made in the report, as to what disposition should be made of the building, reservation and apparatus of the discontinued lighthouse

AN OLD HULK DISMANTLED — The old dredger, which in days long past has furnished the reporters of the press so many items was sold some weeks ago to Capt Scott by authority of the Common Council A few days since, this old craft was towed up to the city and moored at the Gas Company's wharf At present a number of men are engaged in the work of dismantling her Most of the machinery has already been taken out There are two boilers and four engines besides a great deal of heavy massive machinery belonging to the dredger which are all included in the purchase. Capt Scott paid about $2 100 for everything and he certainly made a good investment. The boilers have not been burned much, and the engines are almost as good as new A little overhauling will place them in a condition to render effective service for years to come One boiler and two engines will be employed in propelling a little stern wheel craft, which we understand the owner proposes to build soon The remaining boiler and engines will be placed in a small propeller which Capt. Scott contemplates constructing the present season. Other portions of the massive machinery, chains, etc will be disposed of to various parties who may desire to purchase. What disposition the purchaser will make of the ungainly but powerfully constructed old hulk we are not able to state.

SHOOTING AFFRAY.—Mr J Z. Smith, of the steamer *Calliope*, has laid us under obligations for the following particulars of a shooting affair that occurred at Rainier on Saturday It appears that a colored man at that place named Jack is engaged in the fishing business and has had in his employ a man named Ned Brown On Sunday a dispute arose between Jack and Brown about some work which had been done High and violent words followed, when Brown drew a knife, which he attempted to use on his adversary. Jack, perceiving the situation of affairs, drew a large brass derringer and discharged the weapon at Brown The ball took effect at the left corner of his mouth, ranged back and downward and passed out at the right side of the neck In its passage the ball knocked out five teeth and inflicted a very severe and perhaps fatal wound Soon after the difficulty a warrant was sworn out before Justice Nice charging Jack of the crime of assault with intent to kill He was taken into custody on Sunday evening and when our informant left was still in the hands of the officer making the arrest. Of the result of the preliminary examination we are unadvised Brown was brought up on the *Calliope* as far as Kalama and left.

COMPLETED.—The Stark street cistern, which has so long proved an eye-sore to the public, has at length been finished Last Saturday the finishing strokes were received and water for the first time turned into the cistern. This cistern has a capacity of upwards 27 000 gallons of water, and is the largest cistern in the city Provisions have been made so that in the event of a large fire and a great demand should be made for water two streams can be emptied into the cistern, which will fill it as rapidly as it can be pumped out—even by a large fire engine The earth in the vicinity of the cistern has been leveled down and the street planked Pedestrians teamsters and especially the Superintendent of the Street Railway will have occasion to rejoice

LONG'S DAVE.—There are but few persons in this State or California who have not seen or heard of Dave Long, the veteran of the sawdust ring A late San Francisco exchange speaks thusly of this well known son of Comus "Dave Long who used to be a clown but has for many years been engaged in the ice business, is charged with insanity and the papers speak of him as a circus clown Circus clowns don't get crazy Many of them are wildly idiotic It was the chill of the ice business that affected poor Dave's brain He used to be always taking something to thaw him and the continual thawing and freezing of his brain has softened it somewhat

WORK SUSPENDED.—High water in the Columbia and Wallamet rivers has rendered it necessary to suspend the work of constructing a breakwater across Percey's Slough near its head. Work has been in progress for several weeks by the contractor Mr J J Hallett but the stage of water and the powerful current of the slough compelled him at length to stop operations for the present Under the contract, the breakwater was to be completed by the 15th of June and had the stage of water not interfered with the work it would have been completed by or before that date An extension of the time specified will have to be made

PASSENGER ACCOMMODATIONS.—In another column the Oregon Steam Navigation advertise some important changes in the movement of their boats on the Upper Columbia to which we call special attention By the present arrangement the traveling public will have four regular steamers every week to Wallula. Boats will leave the Dalles on Monday Tuesday Wednesday and Saturday of every week Leaving Wallula the boats will return on Monday Wednesday Friday and Saturday of each week.

S S PICNIC.—The pupils and teachers of the First Presbyterian Church will hold their annual picnic next Saturday Aurora is the place selected Further particulars will be duly given

SURVEYING PARTY.—It was Gen Michler's intention to have started yesterday morning for San Juan Island but a failure of connection by the boats delayed his departure for another day He will start to-morrow morning for the Island After making the necessary personal inspections as directed by the Government Gen Michler will return to Portland—probably about Saturday Early next week the surveying party will leave here for San Juan Gen Michler will accompany the party as the surveying will be done under his immediate direction

MOVED UP.—The constant encroachments made by the waters of the river has necessitated a temporary change along the lower wharves of the city Along on the first story of the docks of O S N Co Flanders and the Steamship Company the water stands to the depth of several feet and the river still continues to rise Freight has now to be received on and discharged from the second story of the wharves This state of affairs will continue for some weeks

CONVALESCING.—We are gratified to announce that Mr F J Carter, who was stricken down with paralysis at Eldorado last week has measurably recovered from the effects of the shock He was able to come down to Baker City where he arrived a few days since Mr Carter was on his way home so that his arrival may be expected here very soon

PUBLIC SPEAKING.—Hon A C Gibbs will address the citizens of Portland on the political topics of the day at Oro Fino Theater on Thursday evening. A very cordial invitation is extended to the public Let the house be crowded to its fullest capacity Music will be in attendance

ALARM OF FIRE.—An alarm of fire was sounded yesterday evening about half past six The Department was out and ready for service in its usual quick time but the fire which caught in the roof of a house at the corner of Third and Columbia streets was put out without their aid

TEMPERANCE MEETING.—The meeting of the Temperance women will take place at the Taylor street church this evening Addresses will be read and greetings from the Women's Unions of Pittsburg, Wheeling and South Boston All are invited A stirring time may be expected

FURNACE GAVE OUT.—The iron furnace at Oswego closed down about two weeks ago on account of the furnace giving out A new one is on the way from the east When laid the furnace will be fired up During the short run they made it is estimated 800 tons were turned out

GONE DOWN.—Major H Clay Wood Assistant Adjutant General of this military department, left here last Friday for Astoria He goes on official business connected with a courtmartial now being held at Fort Stevens, and will be absent most of the present week

INSANE.—A Mrs Jane Jones aged about 55 years, the mother of seven children, and a resident of Nehalem was examined yesterday before Judge Hamilton charged with insanity She was adjudged insane and take to the Asylum last evening

AMUSEMENTS.

Remember the splendid drama of "Lost in London" at Oro Fino Theater this evening

We regret to announce that a sparse audience was present last evening at Oro Fino Theater on the occasion of the second appearance of Madame F M Phelps and her troupe This somewhat discouraging circumstance can be mainly attributed to the fact that it was "Blue Monday" Absorption of public thought in the political contest now being waged, and of the election so near at hand, leaves but little room for the consideration of anything else and it is to this fact also can be attributed the sparse attendance. Of the character of the entertainment offered, and the individual acting of the various members composing the troupe we can truthfully speak in flattering terms. The entertainment offered is certainly worthy of public patronage Last evening the first piece presented was the sparkling two act comedy by Andrew Halliday, Esq entitled "Checkmate" in which appeared to good advantage Madame Phelps in the *role* of Martha Bunn This lady who always presents a queenly appearance on the stage even in the personation of obscure or subordinate characters and by her charming grace and accomplished stage address never impresses an audience unfavorably, appeared to a most excellent advantage Miss Morgan as Charlotte Russe, sustained the character in a charming manner The other characters of the comedy were personated in a faithful manner by Messrs Barrows Simms and Crowell An interlude followed in which Miss Morgan and J Barrows appeared The side-splitting farce of Barney the Baron concluded the evening's entertainment in which all the members of the company appeared Mr Simms as Barney did splendidly and by his comicalities brought down the house This evening will be presented for the first time the splendid drama of Lost in London

MEMORIAL DAY

BEAUTIFUL AND IMPRESSIVE CEREMONIES TO BE HELD AT LONE FIR CEMETERY

The muffled drum's sad roll has beat our comrades' last tattoo
But the living round their moss-grown graves sweet floral offerings strew
On Fame's eternal camping ground their silent tents are spread
While we memorial offering cast round the bivouac of the dead

Saturday being the 30th is a day set apart and held in sacred commemoration by the members of the Grand Army of the Republic of the memory of those who fell during the late civil strife in defense of our common country The day will be observed by the members of the Order in a manner becoming its national character Sad melancholy but beautiful ceremonies will be held all over the Union whether north or south from the Kennebec to the Gulf. Fragrant garlands will be strewn over the graves of fallen heroes who perished in battle whether they wore the Union blue or Confederate gray Their memory will be cherished and perpetuated in the hearts of surviving relatives and friends by discoursing soft strains of music recounting the deeds of valor services rendered the fortitude and self sacrificing heroism displayed by those who laid their all on the common altar of country impressive symbolical ceremonies and by delivering an oration

In accordance with past custom and the requirements of the Order the members of Canby and Baker Post Grand Army of the Republic of Portland will observe Memorial or Decoration Day A cordial invitation is extended by the members of the Post to all honorably discharged Soldiers Sailors and Marines the Military and Fire Departments Civic and Benevolent Societies Churches and Sunday Schools to participate in the ceremonies and observances of the day Saturday being the 30th there will be no postponement in consequence of unpropitious weather Whether pleasant or stormy the day will be observed in the customary manner Lone Fir Cemetery has been selected [the ceremonies were held at the same place last year] than which a more appropriate spot could not be chosen

All honorably discharged Soldiers Sailors and Marines are requested to meet with the G A R at their Hall, corner of Third and Alder streets at 1 o clock P M of that day The Military and Fire Departments, Societies, Churches and Sunday Schools desiring to participate will form on Fourth street south of Alder at 2 o clock P M sharp Donations of flowers for the occasion will be thankfully received by the Committee of Arrangements or by the comrades of Baker and Canby Post at the Hall on the morning of that day If friends who desire to make contributions of flowers, will notify the Committee, stating place of residence the Committee will call at the house for the donation The following gentlemen compose the Committee E W Ryan, J H Woodward Chris P Yates Joseph LeGrand Scollay Parker Any notification of floral donations made to any one member of the Committee will meet with prompt attention.

The decoration of the graves and the usual addresses will take place at the cemetery There will not be any oration at the Court House in the evening as has been the case on preceding occasions Mr Chris P Yates has been chosen to deliver the customary address, which will take place at the cemetery

Invitations have been extended to a large number of organizations also to Posts in other towns of the State Many have been accepted and a large delegation may be anticipated from abroad All military companies of Portland—Washington Guard Emmet Guard City Rifles and Light Battery—to whom invitations were extended have signified their acceptance and will parade in full uniform Two bands have been engaged and an abundance of music is promised Headed by the bands the procession will cross the Stark street ferry and march to Lone Fir Cemetery, and at the conclusion of the beautiful and emblematic exercises re form and march back to the city, escort the several military companies to their respective halls and then repair to their own where the members will disband A bright pleasant day is all that is needed to insure a complete success Most thorough preparations are being made by the members of the Post and should a beautiful day be vouchsafed the exercises at Lone Fir will doubtless be witnessed by several thousand ladies, gentlemen and children of the city

MATTERS MILITARY.

From the Walla Walla *Spirit* of the 22d, we glean the following military items

Lieuts Mess Bomus, Brodie and Moore have returned from Fort Boise.

First Lieut L W Stone of Co I 21st Infantry has joined his Company at this post

Nothing is known as yet as to when the Paymaster will pay the post, but he is expected duly

Col. Green has been ordered on court-martial duty at Fort Cape Disappointment, and will probably remain absent some two or three weeks longer

Lieut Haug Co I 21st Infantry, arrived at this post Saturday night. He is the first commissioned officer of that Company that has been at this post

A garrison court martial of which Lieut Brodie was President sat at the post on the 20th inst for trial of several minor offenses against discipline

The island of San Juan is to be fortified and more soldiers stationed there This will cause changes in the location of the artillery or infantry stationed in this military department

There is a rumor that Co C 21st Infantry will leave Fort Vancouver and relieve Co I at Fort Colville that Co F will be stationed at this post and that one of the infantry companies here will go to Vancouver

PUBLIC OPINION

The President has brought a great many high official places into bad repute by filling them with incompetents He is alone to blame that the office of Secretary of the Treasury goes begging Who wants to be Secretary after Richardson?—*Troy Whig (Rep)*

That the old dead and gone Democratic organization is to take up the ark of the people's safety is the hope and desire of none of the dissatisfied Republicans This will be the mission of a new party unless the Republicans shall bring themselves up to the great task —*Boston Globe (Ind)*

Neither Independent editors nor Democratic politicians are capable of turning or controlling public opinion The most that an unfettered press can do is to discuss public questions as they arise with perfect freedom and fairness Out of such discussions a healthier sentiment will grow and the country will finally demand a purer and better administration of the Government —*Lacon Observer (Dem)*
